4-501 - Findings and purpose.

(a) This chapter is based on the following findings:

(1) The city wishes to enable customers to identify legitimate massage workers and businesses, and the city recognizes the practice of massage as a valid professional field. This chapter establishes new standards intended to comply with California law while also providing certain minimum health and safety standards for the operation of massage establishments, their managing employees, and massage practitioners.

(2) This chapter relies upon California Business and Professions Code §§ 4600 et seq. (enacted by SB 731 in 2008 and amended by AB 619 in 2011), which created a statewide permitting process, administered by the California Massage Therapy Council that expressly preempts local permitting systems and limits the sort of regulations the city can impose on massage businesses requirements.

(b) This chapter will require all massage therapists and massage practitioners operating within the city to be state certified, and that all massage businesses be registered with the city.

(c) This chapter is not intended to be exclusive and compliance will not excuse noncompliance with any state or local laws or regulations that are uniformly applied to other professional or personal service businesses including, without limitation, all zoning regulations; business license regulations; the city’s building, fire, electrical, and plumbing code regulations; and health and safety laws, rules and regulations applicable to professional or personal services businesses in the city.

4-506 - Certificate of registration for massage establishments; application and issuance; expiration.

(a) In order to lawfully operate in the city, a massage establishment must obtain a certificate of registration from the Lafayette police department annually, and shall post the certificate of registration in a visible location in the massage establishment. There shall be no fee for a certificate of registration issued to a massage establishment that is owned and operated by a certified massage practitioner.

(f) The Lafayette police department shall issue a certificate of registration to a massage establishment that is to be owned or operated by any person other than a certified massage practitioner within thirty (30) days of the submission of a complete application unless it finds that: (1) the applicant has made a material false statement in the application; (2) the applicant (or an officer or director holding five percent (5%) or more interest in the massage establishment) has committed a violation of any provision of California Business and Professions Code Section 4603; or (3) the applicant has previously had a massage establishment permit, massage technician permit, or any similar license, certificate, or permit revoked by the city or any public agency during five (5) years preceding the date of the application.

(g) A certificate of registration shall be valid for one year. The holder of a certificate of registration shall apply to the police department to renew the certificate of registration, and shall provide the police department with any information requested for the police department to process the renewal, no later than thirty (30) days prior to the expiration date of the certificate of registration.

4-507 - Notification of changes in certificate of registration; transfer of certificate of registration.

(a) If there are:

(1) any changes in the ownership of a massage establishment or the information that was provided in the application for a certificate of registration; or
(2) the occurrence of any circumstance or event that would be grounds for suspension or revocation of the certificate of registration under this chapter, the registered certificate holder must notify the city within ten (10) days of such change or event.

(b) Certificates of registration are non-transferable, unless the chief of police or his designee gives prior written consent for such transfer. Transfers made without the advance written consent of the police chief or his designee shall be void, of no force and effect and shall constitute a violation of this chapter.

4-508 - Display of state certification.

(a) Any owner of a massage establishment where massage is provided on-premises must display the state certificates for all massage practitioners prominently in a conspicuous place, capable of being viewed by customers or city representatives, at every location where massage is administered.

(b) Where a massage establishment provides only off-premises massage services and has no principal location from which massage is administered, the massage practitioner shall carry his or her state certificate at all times while administering massage and shall display the certificate upon request by a representative of the Lafayette police department.

4-509 - Facilities and operations.

(a) Massage establishment owners and massage establishments shall comply with all applicable state and local laws, rules and regulations, including, without limitation, all health, building, fire, electrical, plumbing and zoning regulations and all applicable health and safety requirements.

(b) It is unlawful for any massage business or any certified massage practitioner to offer, allow or provide a massage between 10:00 p.m. and 7:00 a.m.

(c) Disinfection of Instruments. Instruments used for massage must be disinfected before each use. Where instruments for massage are employed, adequate quantities of supplies for disinfection must be available during all hours of operation.

(d) All massage establishments where massage is provided on-premises shall comply with the following minimum requirements:

1. Signs. A clear, legible sign must be posted at the main entrance to the massage establishment, or in the room or suite in which massage services are provided if the massage establishment is located in a room or suite of a larger commercial building, identifying the establishment as a massage establishment, provided, however, that all such signs must otherwise comply with the signs requirements of this code.

2. List of services. A list of services available and the cost of such services shall be posted in an open and conspicuous public place on the premises of the massage establishment. The services shall be described in English and may also be described in such other languages as the business chooses. No massage operator shall permit, and no person employed or retained by a massage business shall offer to perform, any services or fees other than those posted.

3. Water. Hot and cold running water must be available at all times.

4. Linen storage. Closed cabinets must be utilized for the storage of clean towels and linen. After use, towels and linens must be removed and stored in a separate container until laundered.
(5) Hours of operation. The hours of operation shall be displayed in a conspicuous place in the reception area of the massage business and in any front window of the massage business that is clearly visible from outside of the massage business. Patrons and visitors shall be permitted in the massage establishment only during hours of operation.

4-510 - Record keeping.

The operator of a massage establishment shall maintain:

(a) A register of the certified massage practitioners working for the massage establishment, including state certificate number; and

(b) A daily register of each client, the certified massage practitioner who treated the client, a description of service(s) performed and the time of the appointment. The daily register shall be completed by the close of business every day, and shall be available for inspection by the city at all times during regular business hours. The register shall be considered confidential, not for public review, and may be inspected by the city only as part of a criminal investigation or during proceedings to investigate compliance with this chapter. These records shall be retained for at least two years.

4-511 - Inspection.

(a) Massage establishments shall be subject to periodic inspection by county and city officials for compliance with health, safety, and building standards.

(b) In addition to the foregoing, the investigating officials of the city shall have the right to enter the premises of any massage establishment that provides massage services on-premises from time to time during regular business hours for the purpose of making reasonable inspections to enforce compliance with this chapter. If any violations are found, the official shall notify the massage establishment in writing. The official may give the establishment a defined period of time to correct the violation(s), or, if the violation(s) presents a danger to public health or safety, close the establishment until the violation(s) is corrected. In the event a certificate of registration has been issued, it may be revoked or suspended in the event of a violation as set forth in this chapter.

4-512 - Prohibited conduct.

It is unlawful for owners of massage establishments or certified massage practitioners to conduct or allow any of the following activities to be conducted by a massage establishment:

(a) Engagement in any specified sexual activities in the course of administering massage.

(b) The exposure of specified anatomical areas in the presence of any patron, customer or guest.

(c) Intentional physical contact with the specified anatomical areas of any customer, patron, or guest in the course of administering a massage.

(d) Any violation of state law, including without limitation, engaging in conduct prohibited by Penal Code Section 647(b) or Business and Profession Code Section 4603.

4-513 - Revocation or suspension of certificate of registration.

(a) Certificates of registration issued to a massage business may be suspended or revoked by the Lafayette police department upon any of the following grounds:

(1) The registered certificate holder has engaged in fraud, false statements, or misrepresentation in maintaining or obtaining the certificate of registration.
(2) The registered certificate holder has failed to comply with any law, rule or regulation applicable to the massage establishment or registered certificate holder pursuant to this chapter or state law.

(3) The registered certificate holder employs or uses any person other than a certified massage practitioner to administer massage.

(4) An owner or operator has been convicted of a crime that would have been grounds for denial of the certificate of registration, or has violated any part of this chapter or other applicable law, rule or regulation.

(5) An owner or operator no longer maintains a current and valid state certification and has not applied to the city for a certificate of registration as required by Section 4-506(d).

(b) Prior to the suspension or revocation of any permit issued pursuant to this chapter, the permittee shall be provided with written notice of the grounds for the suspension or revocation, and may request a hearing on the revocation with the police chief no later than fifteen (15) calendar days following the date of the notice.

If the hearing is requested, notice of the hearing, as well as its time and place, shall be sent by certified mail to the address shown on the application or by hand delivery to the permittee at least fourteen (14) calendar days prior to said hearing, unless a shorter time period is agreed to by the permittee. Written notice of the police chief’s decision shall be mailed to the permittee within fourteen (14) calendar days following the hearing.

No privilege to provide massage services shall exist from the time written notice is served pending decision by the police chief, if a hearing is requested. Notwithstanding the foregoing, the police chief may immediately suspend a permit without a prior hearing if he or she determines that the continued provision of massage services pursuant to the permit constitutes an immediate and significant threat to the public health, safety or welfare. In such a case, the police chief shall conduct the foregoing hearing following the suspension.

4-514 - Appeal from denial, suspension, or revocation of certificate of registration.

No later than fifteen (15) calendar days after service of notice of revocation, suspension, or denial of an application, or renewal, the permittee may appeal that decision to the city manager. If an appeal hearing is requested, notice of the hearing, as well as its time and place, shall be sent by certified mail to the address shown on the application or by hand delivery to the permittee at least fourteen (14) calendar days prior to said hearing, unless a shorter time period is agreed to by the permittee. Written notice of the city manager’s decision shall be mailed to the permittee within fourteen (14) calendar days following the hearing. The decision of the city manager shall be final.

4-515 - Reapplication after denial.

No application for a certificate of registration will be accepted within one year after an application or renewal for the same massage establishment, or submitted by or on behalf of the same owner or operator, has been denied or a certificate of registration held by the same massage establishment, or by or on behalf of the same owner or operator, has been revoked or suspended, unless the reason for the denial, suspension, or revocation was that a massage practitioner requiring state certification did not have that certification, in which case reapplication may occur once the massage practitioner obtains state certification.
4-516 - Violation and enforcement.

(a) Any person who violates any provision of this chapter shall be deemed guilty of a misdemeanor or an infraction.

(1) If charged as an infraction, the penalty upon conviction of such person shall be a fine as set forth in chapter 1-3 of this code.

(2) If charged as a misdemeanor, the penalty upon conviction of such person shall be imprisonment in the county jail for a period not to exceed six months, or by a fine not exceeding $1,000, or by both such fine and imprisonment.

(b) In addition to the foregoing, any violation of this chapter is a public nuisance which may be subject to an administrative citation pursuant to chapter 1-9 of this code, or abated and permanently enjoined pursuant to chapter 8-21 of this code, and for which the city may recover damages from the property owner, as well as from the person conducting or maintaining the nuisance.
