**Kids’ Carpentry Class**

5-12 Yrs

Since 1982 Michael Glass, the director of Kids’ Carpentry, and his wife Jeab have taught thousands of children the safe use of hand tools. Children may choose from a wide variety of projects after first completing their sanding block and superstop. While building their projects from scratch children are introduced to concepts like applied math, problem solving, fine motor skills and empowered with the opportunity to use a large variety of woodworking tools. Our motto: Building confidence and teaching with respect and humor in a safe and happy environment. This program can be taken year-round with new projects to build for the veteran carpenters! $32 supply fee payable to instructor at first class.

Fun with Science and Engineering

**1st-5th Grade**

Students have fun building hands-on projects and performing science experiments! They will engage in projects such as building a Catapult, Rubberband-Powered Car, Bridge, Air-Powered Rocket, or Electronic Gameboard. They will run lab experiments such as The Bubble Lab, The Density Lab, The Eruption Lab, or The Taste Lab. All project and lab materials will be provided and each student will be able to take home completed projects. The main goals of the class are to give students a fun after school activity, while increasing their exposure to STEM (Science, Technology, Engineering, Math) and the methodologies and rigors of the scientific method, planning, prioritizing, time management, completing projects from start to finish, and organization. Students will gain a better understanding and appreciation for how the way things around them work and behave, and will learn how to break down and analyze problems. Fun with Science and Engineering is a class taught by Fun with Academics, who has run this class for over a decade. Visit http://funwithacademics.com for more information.

Discovering Opera: Previn’s A Streetcar Named Desire
Presented by Bradford Wade, opera lover for 35 years
Yes, it’s an opera based on the well-known Tennessee Williams play, the play that was described at its 1947 premiere as having the overtones of grand opera. Composer André Previn and librettist Philip Littell rose to the challenge of making it into a real opera, faithfully recreating the play in which a mentally unstable Blanche moves in and lives with her sister Stella and her brutish husband Stanley. At the end her mental collapse is complete, and there is a soaringly lyrical mad scene to go with it. Lecturer Bradford Wade will give a guided tour of Streetcar, with a description of the plot interspersed with musical examples. This lecture is given in conjunction with Opera San Jose’s production of Streetcar, April 16–May 1, 2016.

Lamorinda Village: Seniors Taking Charge of the Journey
Presented by Anne Ornelas, Executive Director, Lamorinda Village
The Village concept is based on empowering people, giving us options and choices, giving us control over our lives, and allowing us to create how and where we wish to age. Lamorinda Village is a community-based network of people 55 years and older living in Lafayette, Moraga, and Orinda with the goal of helping people remain in their homes and independent. Meet volunteer leaders from Villages forming in the Contra Costa area, and learn how a Village can help you, a friend, or family member.

Give the Gift of Transportation to Local Homebound Older Adults

Lamorinda Spirit Senior Van Program

The Lamorinda Spirit Senior Transportation Program provides van rides for older adults to go shopping, to errands, appointments, lunch at the Walnut Creek Senior Center C.C. Café and social visits. Volunteer Drivers each take a morning or afternoon shift Monday through Friday. We are in the process of looking for additional drivers so that we can have two vehicles and drivers available during popular time periods when passengers’ appointments overlap. We love to say “YES” when passengers call to make a ride reservation, and additional drivers make that possible. As you look at your schedule consider the possibility of volunteering four hours every week or two: a morning, an afternoon, or Sunday morning when we offer rides to places of worship. A Class C Driver’s License is sufficient, and training is provided. Becoming a volunteer driver is a valuable and greatly appreciated gift of service. Please call the Lamorinda Transportation Office at 925-283-3534 to volunteer or if you need a ride, live in Lamorinda, and are age 60+.
